### A prayer for the beginning of the year:

O God, in your wisdom and love, you surround us with the mysteries of the universe.

Look upon us all -- always students, always teachers -- and help us enjoy our learning and take delight in new discoveries. Help us to persevere in our studies and desire to learn all things well. May you walk with us this year, and enlighten our hearts and our minds. Amen.

CPS Tip of the Week

To maintain balance as a student, mix studies with social activities. Take a break after studying to meet with friends to play cards, dance or go to the movies, or take time for yourself to do something you enjoy or find relaxing (exercising, journaling, doing something creative). Have confidence in your abilities and enjoy your time in college.

For help with time management or starting the new school year, please call or stop by Counseling and Psychological Services (CPS), to make a counseling appointment. (310) 954-4114

## Counseling and Psychological Services Tip of the Week

Dating violence occurs in both casual and serious relationships and in both heterosexual and same sex relationships. Many assaults against women are committed with the assistance of date rape drugs. A victim may unknowingly be given date rape drugs which can make a person unable to defend themselves against assault. These drugs often cause a type of amnesia increasing uncertainty of what happened and increasing confusion which makes reporting the incident difficult as details are often forgotten. To protect yourself from date rape drugs: educate yourself on date rape drugs, never leave your drink unattended, and always be aware of your surroundings.

For more information on these issues about violence against women, contact Counseling and Psychological Services (CPS) at (310) 954-4114 or 1st Floor, Humanities.

\*\*Come by and make a pledge to STOP domestic violence on the bulletin board posted outside the CPS office!\*\*

## TAKE A STAND FOR SOCIAL JUSTICE!

Help the students at MSMC make a difference!

From November 19-21, 2010, thousands will gather at the gates of Fort Benning to stand up for justice, to shut down the School of the Americas and to end the oppressive U.S. foreign policy that the school represents.

The Sisters of Saint Joseph, Mount St. Mary's students are planning to make the trip to Atlanta to join thousands of peaceful protestors in solidarity. The sisters have been generous enough to pay for a 1/3 of each students trip and your decision to purchase free trade coffee will help levitate the remaining cost.

## The Mount is getting a new president!!

As you are probably aware, this is Dr. Jacqueline Doud's eleventh and final year as the President of Mount St. Mary's College. A Search Committee has been meeting throughout the fall semester to identify a prospective successor to Dr. Doud.

During the first couple weeks of spring semester, we will be interviewing candidates on campus. There will be a specific time for students to meet and talk with the candidates.

More information will follow with the time and location of these interviews and we are hopeful that you will attend. Thank you, and have a restful and relaxing break.

*The Search Committee members include - Faculty/Staff: Helen Boutrous, Terri Eichman, Paul Green, Vicky McCargar, Michele Starkey (alumnae) and Mari Wadsworth; Trustees: Tom Blumenthal, Msgr. Clem Connolly, Jane Johnson (alumnae) Judy McDonald (Chair, Search Committee), Jack Schuster and Sr. Mary McKay (CSJ, former Board member).*

Dear Chalon Students,

*It is with much pride and excitement that I announce the new Circle renovation plans. The renovation will include a new multi-bowl fountain, a permeable paving system, benches, and beautiful trees. This project is not only going to be beneficial to the campus community but also "green"! The pavers are made from recycled materials and are porous. This means that rain water will not run off the hill and into the drainage system to the ocean but will percolate into the ground and contribute to the water table in a positive way. Also, there are future plans to capture rain water from the roof of Rossiter to cycle water into the fountain.*

*The designs will be displayed outside of Hannon Theater and inside the Chalon Student Lounge. Construction will begin this winter break, so expect a new and more beautiful Circle when you return in January!*

**HAPPY HOLIDAYS!**

& the Chalon Associated Student Body**

### A Message from the Business Office

The Health Insurance Waiver for the Spring 2011 term is now active. If you are a full time traditional student, and have your own health insurance coverage, you will then need to waive out of the Mount's insurance coverage.

Please see below link to opt out of the Mount's Student Health plan:  
[www.msmc.la.edu/student-life/business-office/student-accounts.asp](http://www.msmc.la.edu/student-life/business-office/student-accounts.asp)

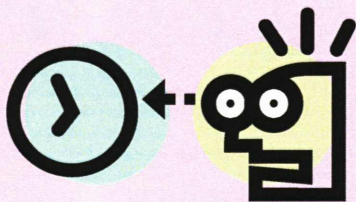

Your health insurance waiver was due to be submitted by the Spring 2011, Financial Clearance Deadline which has already passed. If you have not already waived and intend to do so, you must process your waiver immediately to avoid being charged the premium of \$883 (non-refundable).

Please Note: All Traditional Students and Nursing students who are enrolled in 8 units and below, are not automatically enrolled into MSMC's student health insurance plan. However, if you would like to obtain coverage through MSMC's student health insurance plan, you will need to notify the Business Office in writing.

Thank you for your cooperation.

Sincerely,

The Business Office

#### CPS Tip of the Week:

How to make New Year's resolutions that work!

It's that time of year again when people resolve to do something better or different next year. It's also the time of the year many people make resolutions that are bound to fail. But they don't have to. Making realistic, simple resolutions by following these six simple steps can lead to a greater chance of success in the upcoming year:

- 1) Be realistic in your goals.
- 2) Start with a plan and stick to it.
- 3) Team up with a friend or loved one.
- 4) Look at the bright side and allow yourself mistakes.
- 5) Think of resolutions as opportunities to try new things.
- 6) Try, try again.

For more help with planning your goals for the upcoming year or other issues, contact Counseling and Psychological Services (CPS) at (310) 954-4114.

#### CPS Tip of the Week:

Now that you're getting back into the routine of classes, dorm life, commuting, etc., you've probably found that there are areas where you will encounter difficulties. Check out your expectations. Are they reasonable or are you expecting too much of yourself? If you demand perfection in everything you do, you will become discouraged and exhausted. Remind yourself, "It doesn't have to be perfect. It just has to be done." You'll feel more relaxed and successful in the end. For more help with your challenges, contact

## This Week at the Mount

Dear Members of the Mount St. Mary's College Community,

I am very pleased to announce the next president of Mount St. Mary's College: **Dr. Ann McElaney-Johnson**. The Board of Trustees, with the endorsement of the leadership of the Sisters of St. Joseph, unanimously selected Dr. McElaney-Johnson who currently serves as vice president for academic and student affairs and dean of the college and professor of French at Salem College, Winston-Salem, North Carolina. Dr. McElaney-Johnson will assume the presidency on July 1, 2011. Members of the Mount will have an opportunity to meet and congratulate Dr. McElaney-Johnson in the near future.

This is a historic time in the life of our College and Dr. McElaney-Johnson will carry forward with energy and vision the mission of Mount St. Mary's College. Dr. McElaney-Johnson is very excited about her appointment and has indicated that it is an honor to accept the presidency.

The Board of Trustees wishes to thank all those in the Mount Community who provided their input during the campus interviews. Your input was invaluable and given serious consideration by the Presidential Search Committee. The Trustees also wish to thank the Search Committee, led by Judy McDonald, for their tireless efforts during this national search process.

### THE ATHENIAN PROMISE: A COMMITMENT TO CIVILITY

Mount St. Mary's College is committed to the advancement of learning and service to society. This is best accomplished in an atmosphere of mutual respect and civility, self-restraint, concern for others, and academic integrity. By choosing to join this community, I accept obligation to live by these common values and commit to the following principles.

As a Mount St. Mary's College Student:

- I will embrace the concept of civil community which does not tolerate violence, theft, bigotry, or harassment of others in any form.
- I will commit myself to the pursuit of knowledge with personal integrity and academic honesty.
- I will respect the sanctity of the learning environment and avoid disruptive and deceitful behavior toward other members of the college community.
- I will support a culture of diversity by respecting the rights of those who differ from me.
- I will contribute to the development of a caring community where compassion for others and freedom of thought and expression are valued.
- I will honor, challenge and contribute to the scholarly heritage left by those who preceded me and work to leave this a better place for those who follow.

By endorsing these common principles, I pledge to contribute to a civil campus environment and resolve to encourage civil behavior in others. This is my promise to Mount St. Mary's College and its community of scholars.

### CPS Tip of the Week: Body Image Is a State of Mind

Most people believe that body image difficulties associated with weight, size, and shape can be fixed by making physical changes. Research shows that body image problems may be temporarily lifted after weight loss, but the negative thoughts return in equal or worse amounts. Negative body image can lead to an underlying low level of unhappiness, binge eating, substance use, social anxiety, and more. These negative thoughts need to be understood in the context of powerful economic forces, history, culture, and family. It is the thoughts that need to be changed...not the body. Negative thoughts limit people much more than body weight, size, or shape ever could. Your self-perception is powerful. Your body is as beautiful as *you* think it is.

To discuss body image or any other personal concerns, please contact:  
**Counseling and Psychological Services (x4114).**

## Important Women in Mount History Mother Mary Margaret Brady

Mother Mary Margaret Brady is the founder and first president of Mount St. Mary's College. On June 16th, 1925, she and a small group of women opened the doors of St. Mary's Academy upon Bishop Cantwell's request. Not long after however, the growing student population at the academy demanded more space. Mother Mary Margaret was the only one who took to this challenge. With the help of a sister, she bought the land atop the Santa Monica mountains and began construction on Mount St Mary's college. For two terms, Mother Mary Margaret Brady served as the president of our school. Now, about eight and a half decades later, the seed sown by our founding mother has sprouted and blossomed magnificently.

## Important Women in Mount History

### Carrie Estelle Doheny

Carrie Estelle Doheny (nee Betzold) was born August 2nd, 1875 in Philadelphia. She first moved to Los Angeles with her mother and sister at the age of 15 in 1890. Only a few years later, she met Edward Doheny and was soon married. Although she was a former telephone operator, and often described as "unsophisticated", Carrie E. Doheny accomplished much in her life time. She was at one point the first woman to serve as a trustee of the large Mexican Petroleum company, and managed the finances, development and decorations of the Doheny mansion single handedly. After her death in 1958, Carrie E. Doheny left the Doheny mansion to Archdioceses McIntyre for the purpose of education only. The mansion was then given to the mount, and held its first classes Fall 1962.

## CPS Tip of the Week

Understanding sleep is very important because we spend at least a quarter of our life asleep! Sleeping well is essential for health and stress management. Sleep helps boost your immune system, improves your memory to better facilitate learning and improves your mood so you feel less anxious and/or irritable. Here are some recommendations to help facilitate healthy sleep:

1. Go to bed when you are tired and not before.
2. Try to get up from bed at the same time each day.
3. Get regular exercise each day, preferably in the morning.
4. Get regular exposure to outdoor or bright lights, especially in the late afternoon.
5. Keep the bedroom temperature comfortable and dark and quiet to facilitate sleeping.
6. Use your bed primarily for sleep only.

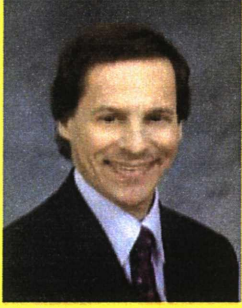

Use a relaxation exercise just before going to sleep like muscle relaxation, visual imagery, massage, warm bath, etc.

For more help managing sleep or other issues, contact Counseling and Psychological Services (CPS) at (310) 954-4144.

### ACADEMIC ADVISEMENT

Sr. Aline Marie Gerber & Sr. Eloise Therese Mescall Travel Award

Deadline for fall 2011: April 5

Study away provides students with a broader perspective of the world and enhances their college education. It exposes them to other places, cultures and views, which they may not come in contact with at home. These scholarships were created to provide students studying away with extra funds to enhance their experience. For students studying in Europe this might mean traveling to other countries; for students at CSJ sister schools it might mean attending cultural events or visiting historic sites in the U.S.; for students in Washington D.C., it might be used for transportation to their internships and class field trips. It is up to the students to determine how they want to use the funds, *with the restrictions that the money cannot be used for books, tuition, or room and board.*

### CPS Tip of the Week:

It's FINALS Week! You've studied for hours on end, but do you still feel nervous? Are you still worried about how the exam will be even if the material is fresh in your mind? It's natural to feel some anxiety prior to starting an exam, but getting excessively nervous is counter-productive. Try using relaxation techniques: take a warm bath, laugh, visualize scenes that are calming and peaceful, or take long, slow, deep breaths and stay in this peaceful state until you are completely relaxed. For more help, contact **Counseling and Psychological Services (CPS)** at (310) 954-4114.
